

Job Title: **Corporate Controller**
Date Posted: November 11, 2021
Location: Toronto, ON
Reference No.: 2021-019
Position Type: Corporate Office
Schedule: Monday to Friday

About the Opportunity:

Based at the Corporate Office in Toronto, ON with occasional travel to the project site, we currently have an exciting opportunity for a **Corporate Controller** to join our Finance team reporting to the **Chief Financial Officer**.

About the Company:

Treasury Metals Inc. is an exploration and mining development company currently in the process of moving the Goliath Gold Complex through the development process. The Goliath Gold Complex is located proximal to the beautiful communities of Dryden and Sioux Lookout, both well-appointed with key amenities and services.

About the Position:

The **Corporate Controller** will report to the Chief Financial Officer and be responsible for managing the financial cycles of the business, ensuring the financial integrity of results in accordance with IFRS while adhering to financial policies and maintaining a strong internal control environment. The Corporate Controller will be accountable for the preparation of financial statements for a TSX listed corporation and will lead a team of financial professionals.

RESPONSIBILITIES:

Your responsibilities will include:

- Management of the daily operations in the Accounting area
- Oversee the financial reporting function and ensure accuracy and completeness of financial records in accordance with public company standards and statutes
- Supervise the preparation and presentation of Financial Statements with notes in accordance with IFRS standards on a quarterly and annual basis
- Direct all aspects of the financial management of the company, including assisting with the preparation, monitoring, forecasting and delivery of operating and capital budgets and monthly financial and operating reports
- Coordinate with external auditors, tax and other financial consultants
- Develop and monitor internal control policies and processes to ensure proper workflows and to maintain the integrity of financial information
- Maintain capital asset inventory and coordinate asset valuation, amortization and reporting
- Ad hoc projects or requests

QUALIFICATIONS:

A minimum of a Bachelor's degree in Accounting, Business or Economics:

- CPA Designation with a solid understanding of IFRS and SOX compliance
- 5 to 10 years of progressive experience in public company accounting/financial management or with Audit firm working in the mining industry
- In-depth knowledge of IFRS
- Excellent knowledge of finance and accounting processes
- Strong analytical skills
- Experience and ability to lead and manage a team through change an asset
- Must be able to handle a high level of confidentiality
