Treasury Metals Announces Upsized \$11.5 Million Bought Deal Financing

NOT FOR DISTRIBUTION TO UNITED STATES NEWS WIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

TORONTO, June 16, 2020 – Treasury Metals Inc. (TSX: TML) (“Treasury” or the “Company”) is pleased to report that, in connection with its previously announced bought deal private place financing, the Company and a syndicate of underwriters, led by Haywood Securities Inc., and including PI Financial Corp., Sprott Capital Partners LP, and Canaccord Genuity Corp. (collectively, the “Underwriters”) have agreed to increase the size of the offering (the “Offering”) to an aggregate of 32,000,000 subscription receipts (the “Subscription Receipts”) of the Company. The Subscription Receipts will be issued at a price of \$0.36 per Subscription Receipt (the “Issue Price”) for aggregate gross proceeds of \$11,520,000.

The Offering is being completed in connection with the Company’s previously announced transaction (the “Transaction”) wherein Treasury will acquire all of the outstanding common shares of Tamaka Gold Corporation, a wholly owned subsidiary of First Mining Gold Corp., which holds a 100% interest in the Goldlund Gold Project (“Goldlund”), located immediately adjacent to Treasury’s Goliath Gold Project (“Goliath”) in Northwestern Ontario. Please refer to the Company’s press release dated June 3, 2020 for further information regarding the Transaction.

The Subscription Receipts will be issued pursuant to a subscription receipt agreement (the “Subscription Receipt Agreement”) to be entered into by the Company, the Underwriters, and a licensed Canadian trust company as subscription receipt agent to be agreed upon. Pursuant to the Subscription Receipt Agreement, the gross proceeds from the Offering (less 50% of the Underwriters’ cash commission and all of the Underwriters’ expenses) (the “Escrowed Funds”) will be held in escrow pending satisfaction of certain conditions, including, amongst others, (a) the satisfaction or waiver of each of the conditions precedent to the Transaction; and (b) the receipt of all required shareholder and regulatory approvals in connection with the Transaction and the Offering, including the conditional approval of the Toronto Stock Exchange (“Escrow Release Conditions”). If the Escrow Release Conditions have not been satisfied on or prior to the date that is 90 days after the closing date of the Offering, the holders of Subscription Receipts will receive a cash amount equal to the Issue Price of the Subscription Receipts and any interest that has been earned on the Escrowed Funds.

The Company has agreed to use its commercially reasonable efforts to obtain a receipt from the applicable regulatory authorities (the “Securities Commissions”) for a (final) prospectus qualifying the distribution of the Common Shares and Warrants (as defined herein) issuable upon conversion of the Subscription Receipts and the Underwriters’ compensation option issuable upon conversion of the Underwriters’ compensation option receipts (the “Qualifying Prospectus”) by 5:00 p.m. (Toronto time) on August 18, 2020 (the “Qualification Deadline”).

Pursuant to the terms of the Subscription Receipt Agreement, each Subscription Receipt shall automatically convert into one unit (a “**Unit**”) or one Penalty Unit (as defined below), as applicable, upon the later of:

- (a) the date when the Escrowed Funds are released; and
- (b) the date which is the earlier of:
 - (i) four months and one day after the closing of the Offering; and
 - (ii) the second business day following the filing of the Qualifying Prospectus.

Each Unit will be comprised of one common share of the Company (a “**Common Share**”) plus one-half of one Common Share purchase warrant (each whole such purchase warrant, a “**Warrant**”), with each Warrant entitling the holder thereof to acquire one Common Share at a price of \$0.60 for a period of 24 months from the closing of the Offering. If the closing price of the Common Shares on the Toronto Stock Exchange (“**TSX**”) is equal to or greater than \$1.00 per share for a period of twenty (20) consecutive trading days during the exercise period, the Company may elect to accelerate the expiry date of the Warrants to a date that is not less than 30 calendar days from the date on which written notice is delivered to the Warrant holders.

In the event the Company has not received a receipt from the Securities Commissions for the Qualifying Prospectus before the Qualification Deadline, each Subscription Receipt will thereafter entitle the holder to receive upon the conversion thereof, for no additional consideration, one unit (a “**Penalty Unit**”), each Penalty Unit to be comprised of 1.1 Common Shares and 0.55 of a Warrant.

The net proceeds of the Offering will be used for the exploration and development of the Goliath and Goldlund projects, and for general corporate purposes.

Closing of the Offering is expected to occur on or about July 7, 2020 and is subject to certain customary conditions, including, but not limited to, the approval of the shareholders of Treasury in connection with the Transaction, the receipt of all necessary regulatory approvals and acceptance of the TSX.

The Subscription Receipts to be issued under the Offering will be offered by way of private placement exemptions in all the provinces of Canada and in the United States on a private placement basis pursuant to exemptions from the registration requirements of the United States Securities Act of 1933, as amended. The Subscription Receipts and the Warrants, and the Common Shares underlying the Subscription Receipts and the Warrants respectively, will be subject to a statutory four-month hold period in accordance with Canadian securities legislation, subject to qualification under the Qualifying Prospectus.
