

Treasury Metals Closes Over-Subscribed \$11.5 Million Bought Deal Financing

TORONTO, July 7, 2020 – Treasury Metals Inc. (TSX: TML) (“**Treasury**” or the “**Company**”) is pleased to announce that the Company has closed a \$11.52 million bought deal private placement (the “**Offering**”) of 32,000,000 subscription receipts (the “**Subscription Receipts**”) at a price of \$0.36 per Subscription Receipt (the “**Issue Price**”). The Offering was led by Haywood Securities Inc., and included PI Financial Corp., Sprott Capital Partners LP, and Canaccord Genuity Corp. (collectively, the “**Underwriters**”).

Greg Ferron, CEO of Treasury, stated: “Completion of this financing comes at a transformational time for shareholders as we positively integrate the Goldlund gold project into our development timeline. The proceeds from the financing will fund the completion of a combined Goliath-Goldlund economic study expected within 2020, advance key engineering and environmental baseline data on Goldlund, and complete 25,000 metres of infill and expansion drilling program on the combined projects.”

The Offering was completed in connection with the Company’s previously announced transaction (the “**Transaction**”) wherein Treasury will acquire all of the outstanding common shares of Tamaka Gold Corporation, a wholly owned subsidiary of First Mining Gold Corp., which holds a 100% interest in the Goldlund Gold Project (“**Goldlund**”), located immediately adjacent to Treasury’s Goliath Gold Project (“**Goliath**”) in Northwestern Ontario. Please refer to the Company’s press release dated June 3, 2020 for further information regarding the Transaction. It is currently anticipated that the Transaction will close in early August.

The Subscription Receipts were issued pursuant to a subscription receipt agreement (the “**Subscription Receipt Agreement**”) entered into by the Company, the Underwriters, and TSX Trust Company as subscription receipt agent. Pursuant to the Subscription Receipt Agreement, the gross proceeds from the Offering (less 50% of the Underwriters’ cash commission and all of the Underwriters’ expenses) (the “**Escrowed Funds**”) will be held in escrow pending satisfaction of certain conditions, including, amongst others, (a) the satisfaction or waiver of each of the conditions precedent to the Transaction; and (b) the receipt of all required shareholder and regulatory approvals in connection with the Transaction and the Offering (“**Escrow Release Conditions**”). If the Escrow Release Conditions have not been satisfied on or prior to the date that is 90 days after the closing date of the Offering, the holders of Subscription Receipts will receive a cash amount equal to the Issue Price of the Subscription Receipts and any interest that has been earned on the Escrowed Funds.

The Company has agreed to use its commercially reasonable efforts to obtain a receipt from the Ontario Securities Commission (the “**OSC**”) on behalf of the applicable provincial securities regulatory authorities (the “**Securities Commissions**”) for a (final) prospectus (the “**Qualifying Prospectus**”) qualifying the distribution of the common shares of the Company (“**Common Shares**”) and Warrants (as defined herein)

underlying the units issuable upon conversion of the Subscription Receipts and the Underwriters' compensation options ("**Compensation Options**") issuable upon conversion of the Underwriters' compensation option receipts (the "**Compensation Option Receipts**") by 5:00 p.m. (Toronto time) on August 18, 2020 (the "**Qualification Deadline**").

Pursuant to the terms of the Subscription Receipt Agreement, each Subscription Receipt shall automatically convert into one unit (a "**Unit**") or one Penalty Unit (as defined below), as applicable, for no additional consideration, upon the later of (the "**Automatic Conversion Date**"):

- (a) the date when the Escrowed Funds are released; and
- (b) the date which is the earlier of:
 - (i) four months and one day after the closing of the Offering; and
 - (ii) the second business day following the filing of the Qualifying Prospectus.

Each Unit will be comprised of one Common Share plus one-half of one Common Share purchase warrant (each whole such purchase warrant, a "**Warrant**"), with each Warrant entitling the holder thereof to acquire one Common Share at a price of \$0.60 for a period of 24 months from the Automatic Conversion Date (the "**Expiry Date**"). If, after the Automatic Conversion Date and before the Expiry Date, the closing price of the Common Shares on the Toronto Stock Exchange ("**TSX**") is equal to or greater than \$1.00 per Common Share for a period of twenty (20) consecutive trading days during the exercise period, the Company may elect to accelerate the expiry date of the Warrants to a date that is not less than 30 calendar days from the date when written notice is delivered to the Warrant holders.

In the event the Company has not received a receipt from the OSC on behalf of the Securities Commissions for the Qualifying Prospectus before the Qualification Deadline, each Subscription Receipt will thereafter entitle the holder to receive upon the conversion thereof, for no additional consideration, one penalty unit (a "**Penalty Unit**"), each Penalty Unit to be comprised of 1.1 Common Shares and 0.55 of a Warrant.

The net proceeds of the Offering will be used for the exploration and development of the Goliath and Goldlund projects, and for general corporate purposes.

The Offering constituted a related party transaction within the meaning of Multilateral Instrument 61-101 ("**MI 61-101**") as an insider of the Company subscribed for an aggregate of 90,000 Subscription Receipts. The Company is relying on the exemptions from the valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101, as the fair market value of the participation in the Offering by insiders does not exceed 25% of the market capitalization of the Company, as determined in accordance with MI 61-101. The participants in the Offering and the extent of such participation were not finalized until shortly prior to the completion of the Offering. Accordingly, the Company was not able to publicly disclose details of the nature and extent of related party participation in the Offering pursuant to a material change report filed at least 21 days prior to the completion of the Offering.

The Subscription Receipts issued under the Offering were offered by way of private placement exemptions in all the provinces of Canada except Québec and in the United States on a private placement basis pursuant to exemptions from the registration requirements of the United States Securities Act of 1933, as amended. The Subscription Receipts, Compensation Option Receipts and the Common Shares and Warrants underlying the Subscription Receipts and the Compensation Options underlying the

Compensation Option Receipts are subject to a statutory four-month hold period in accordance with Canadian securities legislation, subject to qualification of the Warrants, Common Shares and Compensation Options under the Qualifying Prospectus.

The Offering was conditionally approved by the TSX on July 6, 2020. Closing of the Transaction remains subject to certain regulatory approvals including approval of the TSX and the shareholders of Treasury.

About Treasury Metals Inc.

Treasury Metals Inc. is a gold focused company with assets in Canada and is listed on the TSX under the symbol "TML" and on the OTCQX® Best Market under the symbol TSRMF. Treasury's flagship Goliath Gold Project is located in Northwestern Ontario. The project benefits substantially from excellent access to the Trans-Canada Highway, related power and rail infrastructure, and close proximity to several communities including Dryden, Ontario. Treasury plans on the initial development of an open pit gold mine with subsequent underground operations. The Company also owns several other projects throughout Canada, including Lara Polymetallic Project, Weebigee Gold Project, and grassroots gold exploration properties Gold Rock/Thunder Cloud and Shining Tree properties.

Forward-Looking Statements

Certain information set forth in this news release contains "forward-looking statements", and "forward-looking information under applicable securities laws. Except for statements of historical fact, certain information contained herein constitutes forward-looking statements, which include expectations about the timing and completion of the Transaction, the use of proceeds from the Offering, the satisfaction of the Escrow Release Conditions and management's expectations with respect to the Offering and the Transaction, the issuance of a receipt for a Qualifying Prospectus, the necessary approvals for the Offering including the approval of the TSX and shareholders of Treasury and are based on the Company's current internal expectations, estimates, projections, assumptions and beliefs, which may prove to be incorrect. Some of the forward-looking statements may be identified by the use of conditional or future tenses or by

the use of such words such as “will”, “expects”, “may”, “should”, “estimates”, “anticipates”, “believes”, “projects”, “plans”, and similar expressions, including variations thereof and negative forms. These statements are not guarantees of future performance and undue reliance should not be placed on them.

Such forward-looking statements necessarily involve known and unknown risks and uncertainties, which may cause the Company’s actual performance and financial results in future periods to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to: risks and uncertainties relating to the completion of the Transaction and the Offering as described herein, the ability of the Company to satisfy all Escrow Release Conditions, obtaining necessary TSX and Treasury shareholder approval of the Offering in connection with the Transaction and management’s ability to anticipate and manage the foregoing factors and risks. There can be no assurance that forward-looking statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements. The Company undertakes no obligation to update forward-looking statements if circumstances or management’s estimates or opinions should change except as required by applicable securities laws. The reader is cautioned not to place undue reliance on forward-looking statements. The Company disclaims any intention or obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except to the extent required by securities legislation.

Neither the TSX nor its Regulation Services Provider (as that term is defined in the policies of the TSX) accepts responsibility for the adequacy or accuracy of this release.
